Rules and Conditions Applicable to Conversions

General Information

A conversion is a way to move money or property from a Traditional or SEP IRA to a Roth IRA. By properly completing this form, you are certifying to the Trustees or Custodians that you have satisfied the rules and conditions applicable to a direct conversion and that you are making an irrevocable election to treat the transaction as a conversion.

Traditional or SEP IRA to Roth IRA Conversion

This form should be used by those members who are requesting conversion from an IRA. This option will be used for funds that are currently in a Navy Federal Traditional or SEP IRA and are being internally converted to a Navy Federal Roth IRA.

Required Minimum Distribution Conversion Restriction

If this conversion is being made during or after the year in which you turn age 73, you **cannot** convert any distribution to the extent that it is a required minimum distribution (RMD) from the distributing IRA. You must distribute your RMD for all of your IRA(s) prior to requesting a Roth direct conversion.

Withholding Notice Information (Form W-4R/OMB No. 1545-0074)

Basic Information About Withholding From IRAs

Generally, Federal income tax withholding applies to payments made from IRAs.

Purpose of Form W-4R

Unless you elect otherwise, Federal income tax will be withheld from payments from IRAs. You can use Form W-4R or a substitute form, such as that contained on this form furnished by the Trustee or Custodian, to instruct your Trustee or Custodian to withhold no tax from your IRA payments (*or to revoke this election*). This substitute form should be used only for distributions from IRAs that are payable upon demand.

Non-Periodic Payments

Payments from IRAs that are payable upon demand are treated as non-periodic payments for Federal income tax purposes. Generally, non-periodic payments must have income tax withheld at a rate not less than 1%.

You can elect to have no income tax withheld from a non-periodic payment (*IRA payment*) by filing Form W-4R or a substitute form with the Trustee or Custodian and checking the appropriate box on that form. Your election will remain in effect for any subsequent distributions unless you change or revoke it.

A US citizen or resident alien may not waive withholding on any distribution delivered outside of the US or its possessions. Distributions to a non-resident alien are generally subject to a tax-withholding rate of 30%. A reduced withholding rate, including exemption, may apply if there is a tax treaty between the non-resident alien's country of residence and the United States, and the non-resident alien submits Form W-8BEN, *Certificate of Foreign Status of Beneficial Owner for United States Tax Withholding*, or satisfies the documentation requirements as provided under the regulations.

For more information, please see Publication 505, *Tax Withholding and Estimated Tax*, and Publication 515, *Withholding of Tax on Non-resident Aliens and Foreign Entities*, available from most IRS offices.

Caution: Remember that there are penalties for not paying enough tax during the year, through either withholding or estimated tax payments. New retirees should see Publication 505. It explains the estimated tax requirements and penalties in detail. *You may be able to avoid quarterly estimated tax payments by having enough tax withheld from your IRA using Form W-4R.*

Revoking the Exemption From Withholding

If you want to revoke your previously filed exemption from withholding, file another Form W-4R with the Trustee or Custodian and check the appropriate box on that form.

Statement of Income Tax Withheld From Your IRA

By January 31 of next year, you will receive a statement from your Trustee or Custodian showing the total amount of your IRA payments and the total Federal income tax withheld during the year. Copies of Form W-4R will not be sent to the IRS by the Trustee or Custodian.

This information is not intended to provide you with complete withholding rules and regulations for state tax withholding. Navy Federal makes every effort to obtain information about state tax law from state revenue authorities, and every effort has been made to ensure its accuracy. Because state tax laws are subject to change, often without prior notice, the accuracy of the information cannot be guaranteed beyond the revision date of the form. Seek professional tax advice if you have questions regarding state withholding requirements that apply to your Traditional and/or SEP IRA distribution. State tax is not required for Roth IRA distributions.
