Dividends: The Certificate/SaveFirst Account has a minimum balance requirement and will earn dividends for each monthly dividend period at the dividend rate and Annual Percentage Yield (APY) specified. Dividends are a division and distribution of earnings among members, after all expenses have been paid and the required amount has been set aside for reserves. Payment of all dividends is dependent on the availability of earnings at the end of the period. Dividends are earned from day-of-deposit to day-of-withdrawal at the specified rate. Dividends are computed using the daily balance method by applying the daily periodic rate for the full amount in your account at the end of each day. Dividends are credited to the Certificate/SaveFirst Account on the last calendar day of each month in which they are earned unless another dividend distribution option has been chosen. The APY assumes dividends remain in the account until maturity. Early withdrawals reduce earnings. Rates for three-year Variable Rate Certificates may change on the Certificate's anniversary dates (at 12 and 24 months) and are based on the one-year Constant Maturity Treasury (CMT). Navy Federal guarantees that the Certificate's dividend rate will never decrease more than one-half percentage point (0.50%) below the dividend rate at the time the Certificate was purchased or renewed, and there is no upper limitation on dividend rate changes.

Penalties for Early Withdrawal: (a) If the term to maturity is one year (or less) for certificates and all SaveFirst Accounts, the amount forfeited is equal to the lesser of: (1) all dividends for 90 days on the amount withdrawn, or (2) all dividends on the amount withdrawn since the date of issuance or renewal. (b) If the term to maturity is greater than one year, the amount forfeited is equal to the lesser of: (1) all dividends for 180 days on the amount withdrawn, or (2) all dividends on the amount withdrawn since the date of issuance or renewal. (c) If the term to maturity is five years or greater, the amount forfeited is equal to the lesser of: (1) all dividends for 365 days on the amount withdrawn, or (2) all dividends on the amount withdrawn since the date of issuance or renewal. (d) In the case of an early withdrawal that brings the remaining Certificate balance lower than the minimum balance requirement, the Certificate will be closed, and the above penalties will be imposed on the entire principal amount. (e) In accordance with Federal Reserve Regulation D, withdrawals made within the first six days of a new Certificate/SaveFirst purchase (not renewed) are subject to a seven-day, early-withdrawal dividend penalty.

Penalty Exceptions: Penalties will not be applied to any of the following: (a) withdrawals of dividend payments only, (b) withdrawals subsequent to the death of any owner of the Certificate/SaveFirst Account, (c) withdrawals made as a result of the voluntary or involuntary liquidation of the Credit Union, or (d) withdrawals of Required Minimum Distributions (RMDs) (Traditional and SEP IRAs only).

Special and Limited Offerings: Navy Federal may offer "Limited-Time or Special Certificate Offerings." Navy Federal will provide a notice to the owner specifying the terms, conditions, or any additional requirements.

Maturing Certificates (Excluding SaveFirst): At least 20 days prior to each Certificate Account's maturity, Navy Federal will provide a notice specifying the terms under which the Credit Union proposes to renew the Certificate Account or otherwise make the funds available to the owner.

Maturing SaveFirst Certificates: SaveFirst accounts will not receive a maturity notice. At maturity, the funds from the SaveFirst account will be transferred to your savings account unless you specify otherwise. Your SaveFirst account will automatically renew for a 12-month term at maturity. If a deposit meeting the minimum requirement amount has not been made to the SaveFirst Account within 45 days from the maturity date, it will be closed. If periodic transfers are set up, they will continue unless you direct Navy Federal otherwise.

Grace Period: You have 21 calendar days from the maturity date to change the conditions under which the Certificate will be renewed. During this period, the balance in the Certificate will earn dividends at the prevailing offering rate. If no changes are made within this period, your Certificate will be renewed as specified in the renewal notice. SaveFirst Accounts not closed at maturity will renew for a 12-month term. Both will continue earning at the prevailing rate.

Insurance: Certificate/SaveFirst Account funds are included under insurance coverage by the National Credit Union Administration up to at least \$250,000 per individual.

Joint Ownership: If issued with a joint owner, a Certificate/SaveFirst Account is jointly owned with full rights of survivorship, unless otherwise requested. The member and joint owner of this Certificate/SaveFirst Account agree that this Certificate/SaveFirst Account and accumulated dividends are subject to withdrawal or receipt by any of them, and payment to any one of them or the survivor shall be valid and discharge Navy Federal from any liability for such payment.

Transferability: Certificates are not transferable, are not negotiable, and may be pledged as collateral on a loan at Navy Federal only. Certificates that accept additional deposits may not be pledged as collateral on a loan.

Final Payment: All non-cash purchases will be credited subject to final payment.

Change in Terms: Navy Federal reserves the right to discontinue or change the terms of Certificate/SaveFirst Account offerings within 30 days prior notice; however, once issued, the terms of a Certificate/SaveFirst Account may not be changed without the owner's consent.

Governing Laws: Accounts are maintained and governed in accordance with federal law and the laws of the Commonwealth of Virginia, as amended. Property may be transferred to the appropriate state if there has been no activity within the time period specified by state law.

Deposits and Transfers: If your Certificate/SaveFirst Account accepts deposits and its balance has not exceeded the maximum balance of the Certificate/SaveFirst Account, additional deposits can be made by cash, check, or periodic transfer(s) from a Navy Federal savings account, checking account, or MMSA.
