Navy Federal ESA Investment Information, Fees, and Penalties

Navy Federal has no annual service fee for maintaining your ESA. Navy Federal does require that each Navy Federal ESA beneficiary maintain a regular Navy Federal Credit Union savings account.

ESA Disclosure Statement

ESA Savings and ESA Money Market Savings Account (MMSA)

Dividends: The ESA MMSA does not earn/accrue dividends on days when the account balance falls below \$2,500. The ESA Jumbo MMSA will earn dividends at the ESA savings rate on balances from \$0 to \$99,999.99. Balances of \$100,000 or greater will earn the ESA Jumbo MMSA rate. Dividends are a division and distribution of earnings among members after all expenses have been paid and the required amount has been set aside for reserves. Navy Federal also provides the Annual Percentage Yield (APY) for each dividend rate declared by the Board. Rates are subject to change weekly. Payment of all dividends is dependent on the availability of earnings at the end of the period. Dividends at Navy Federal are earned on deposits from day-of-deposit to day-of-withdrawal at the specified rate. Dividends for ESAs and ESA MMSAs are credited the last day of the period they are earned and are compounded monthly.

ESA Certificate Dividends: The ESA Certificate has a minimum balance requirement and will earn dividends for each monthly dividend period at the dividend rate and APY specified. Dividends are a division and distribution of earnings among members after all expenses have been paid and the required amount has been set aside for reserves. Payment of all dividends is dependent on the availability of earnings at the end of the period. Dividends are earned from day-of-deposit to day-of-withdrawal at the specified rate. Dividends are computed using the daily balance method by applying the daily periodic rate for the full amount in your account at the end of each day. Dividends are credited on the last calendar day of each month in which they are earned unless another dividend distribution option has been chosen. The APY assumes dividends remain in the account until maturity. Early withdrawals reduce earnings. Rates for three-year Variable Rate Certificates may change on the Certificate's anniversary dates (at 12 and 24 months) and are based on the one-year Constant Maturity Treasury (CMT). Navy Federal guarantees that the Certificate's dividend rate will never decrease more than one-half percentage point (0.50%) below the dividend rate at the time the Certificate was purchased or renewed, and there is no upper limitation on dividend rate changes.

Penalties for Early Withdrawal: (a) If the term to maturity is one year (or less), the amount forfeited is equal to the lesser of: (1) all dividends for 90 days on the amount withdrawn, or (2) all dividends on the amount withdrawn since the date of issuance or renewal. (b) If the term to maturity is greater than one year, the amount forfeited is equal to the lesser of: (1) all dividends for 180 days on the amount withdrawn, or (2) all dividends on the amount withdrawn since the date of issuance or renewal. For three-year Variable Rate Certificates, penalties are calculated based on the rate of the certificate at the time of the withdrawal. (c) If the term to maturity is five years or greater, the amount forfeited is equal to the lesser of: (1) all dividends for 365 days on the amount withdrawn, or (2) all dividends on the amount withdrawn since the date of issuance or renewal. (d) In the case of an early withdrawal that brings the remaining Certificate balance lower than the minimum balance requirement, the Certificate will be closed and the above penalties will be imposed on the entire principal amount. (e) In accordance with Federal Reserve Regulation D, withdrawals made within the first six days of a new Certificate purchase (not renewed) are subject to a seven-day, early-withdrawal dividend penalty. (f) There are no ESA or ESA MMSA penalties for early withdrawal. (g) The IRS imposes penalties for nonqualified withdrawal purposes for ESAs.

***Special EasyStart Certificates:** Limit one Special EasyStart Certificate per member. The Special EasyStart Certificate has a \$50 minimum balance and a \$3,000 maximum balance. Additional deposits are allowed at any time subject to the maximum balance. Certificate owner(s) age 18 and older must have Direct Deposit of Net Pay or a payroll allotment and a Navy Federal checking account within 90 days of the certificate issue date. If these requirements have not been satisfied by the 90th day, your Special EasyStart Certificate dividend rate will be reduced to the prevailing dividend rate of the 12-month EasyStart Certificate for the remainder of the certificate's term. At maturity, the Special EasyStart Certificate will automatically renew and any amount exceeding the \$3,000 maximum balance will be transferred to the beneficiary's ESA Savings Account unless instructed otherwise.

Special and Limited Offerings: Navy Federal may offer "Limited-Time or Special Certificate Offerings". Navy Federal will provide a notice to the owner specifying the terms, conditions, or any additional requirements.

Penalty Exceptions: Penalties will not be applied to any of the following: (a) withdrawals of dividend payments only, (b) withdrawals subsequent to the death of any owner of the ESA Certificate, or (c) withdrawals made as a result of the voluntary or involuntary liquidation of the Credit Union.

Maturing Certificates: At least 20 days prior to each ESA Certificate's maturity, Navy Federal will provide a notice specifying the terms under which the Credit Union proposes to renew the ESA Certificate or otherwise make the funds available to the owner. Each ESA Certificate will be automatically renewed as specified in the maturity notice unless the owner notifies Navy Federal to the contrary on or before the maturity date.

Grace Period: You have 21 calendar days after the maturity date to change the conditions under which the ESA Certificate will be renewed. During this period, the balance in the ESA Certificate will earn dividends at the prevailing offering rate. If no changes are made within this period, your ESA Certificate will be renewed as specified in the renewal notice and will continue earning at the prevailing rate.

Insurance: Separate from your share accounts, ESAs and ESA MMSAs combined with ESA Certificates are insured for up to \$250,000 by the National Credit Union Administration (NCUA), a U.S. government agency.

Governing Laws: Your Navy Federal accounts are maintained and governed in accordance with federal law and the laws of the Commonwealth of Virginia, as amended. Property may be transferred to the appropriate state if there has been no activity within the time period specified by state law.

Transferability: Navy Federal ESA Certificates are not transferable, are not negotiable, and may not be pledged as collateral on a loan.

Final Payment: All non-cash purchases will be credited subject to final payment.

Change in Terms: Navy Federal reserves the right to discontinue or change the terms of ESA Certificate offerings within 30 days prior notice; however, once issued, the terms of an ESA Certificate may not be changed without the owner's consent.

Note: This account is subject to all terms and provisions defined in NFCU 602B (for ESAs).

Deposits and Transfers/Withdrawals: You may make additional deposits to ESAs or ESA MMSAs at any time. If your ESA Certificate accepts additional deposits and the ESA Certificate has not exceeded its maximum balance, additional deposits can be made by cash, check, or periodic transfer(s) from a Navy Federal savings account, checking account, or MMSA. Deposits may be held for up to five business days. Federal Reserve Regulation D limits the number of pre-authorized, automatic, or telephone transfers or withdrawals from the ESA Savings Accounts or ESA MMSAs to no more than a total of six per month. However, Regulation D transfer or withdrawal limits do not apply to ESA Certificates.
