Checking Protection Options

Ensure that your transactions are covered by choosing one of the following:

- **Overdraft Savings Transfers** pay overdrafts at no charge by transferring money from your linked savings account, as long as funds are available. This service is free of charge and limited to six uses per month.
- **Checking Line of Credit (CLOC)¹** is a credit-based product, requiring credit approval. The funds needed to cover the overdraft are automatically transferred from your line of credit to your checking account. There's no transaction fee, and limits range from \$500 to \$15,000. Apply for CLOC online at navyfederal.org or by calling 1-888-842-6328.

- **Optional Overdraft Protection Service² (OOPS)** allows us to authorize overdraft transactions with your permission. You're eligible to opt in after 90 days of membership and if you're at least 18 years old for this service to take effect. Opt in at navyfederal.org, by calling 1-888-842-6328 or by visiting a branch.

Here's How It Works:

- A \$20 fee will be assessed for each overdraft
- No fee on transactions \$5 or less
- No fee if your total balance overdrawn is less than \$15 after all transactions have cleared or posted after the end of the business day
- Maximum of three overdraft fees charged per day (if overdrafts exceed three in a day, the account remains open, but no additional fees will be charged)

Just remember that you should bring the account to positive status promptly. OOPS is limited and only available up to \$500, but may become overdrawn in excess of the \$500 limit, by up to \$50, due to fees.²
