The money for purchases comes directly from your checking account. There are no interest rate charges or monthly/annual fees.

Also, you can get cash at ATMs worldwide. At Navy Federal ATMs, you can also view account balances, make deposits and loan payments, and transfer funds between your Navy Federal accounts.

### Checking Protection Options

Ensure that your transactions are covered by choosing one of the following:

- > **Overdraft Savings Transfers** automatically move money from savings to checking to pay for overdrafts as long as funds are available. This service is free of charge and limited to six uses per month.
- > **Checking Line of Credit (CLOC)** is a credit-based product, requiring credit approval. The funds needed to cover the overdraft are automatically transferred from your line of credit to your checking account. There is no transaction fee, and limits range from \$500 to \$15,000. Apply for CLOC online at [navyfederal.org](http://navyfederal.org) or by calling 1-888-842-6328.
- > **Optional Overdraft Protection Service (OOPS)** allows us to authorize overdraft transactions with your permission. You must opt in after 90 days of membership for this

service to take effect. Opt in at [navyfederal.org](http://navyfederal.org), by calling 1-888-842-6328 or by visiting a branch.

#### Here is how it works:

- > A \$20 fee will be assessed for each overdraft
- > No fee on transactions \$5 or less
- > No fee if your total balance overdrawn is less than \$15
- > Maximum of three overdraft fees charged per day (if overdrafts exceed three in a day, the account remains open, but no additional fees will be charged)

Just remember that you should bring the account to positive status promptly. Total overdrafts may not exceed \$500, including fees.<sup>1</sup>
